NOTICE TO ALL ZONING APPLICANTS

As per ordinance #25-4, section 17-2 any applicants applying for a Zoning permit to do any of the following home improvements: additions, fences, sheds, garages, swimming pools, patio's, sidewalks, planters, retaining walls, landscaping or any other use that could affect the flow of water from the property, are subject to a grading plan designed by a New Jersey Licensed Engineer.

The Little Egg Harbor Township Zoning Officer and the Township Engineer reserve the right to require a Grading Plan if they have determined that any structure, building or use has changed or may cause any adverse impact on any adjoining properties.

All New Home permits are required to have a grading plan approved by the Township Engineer.
