RE: Dredging Project- Tuckerton Creek Lagoons

Dear Residents:

The Township of Little Egg Harbor would like to thank you for participating in the recent poll regarding the potential dredging project referred to as the Tuckerton Creek Lagoons Dredging Project. The majority of the respondents replied "Not in Favor" of the dredging project to proceed.

The poll was mailed to 134 property owners, 100 responses were received with 34 in favor and 66 were not in favor of the project. There were 34 non-responsive properties.

The Township will continue to review all available funding sources for the project for the future. Please note that while the project will not be moving forward at this time, the permits remain valid until 2025 and the project can be revisited in the future.

Should you have any questions, please do not hesitate to contact us.

Sincerely,

Rodney R. Haines
Township Administrator/CFO
Little Egg Harbor Township
