There is no fee for simply inspecting most records during normal business hours

Some records will be immediately available during normal business hours. Some records will require time to compile and to make the copies requested, but will normally be available during normal business hours and within seven (7) business days. If any document or copy that has been requested is not a public record or cannot be provided within seven (7) business days, you will be provided with a response containing that information within the seven (7) business day period.

Some statutes provide for a different response time. For example, municipal lien searches will be provided within fifteen (15) calendar days after the request is received and the fee is paid.

In general the following time frames and procedures apply pursuant to N.J.S.A. 47:1A-1 et seq.

1. Immediate access will normally be available for ordinances, resolutions, budgets, bills vouchers, contracts, collective bargaining agreements, employment contracts, and public employee salary and overtime information.
2. Minutes of public meetings will be generally available immediately after the minutes have been approved.
3. Records which are not readily available or which will require a search of records will be made available as soon as possible and the applicant will be provided an interim report within seven (7) business days indicating the estimated time required to complete the search of records.
4. When a legal determination must be made whether records are "public records," the request will be reviewed by municipal counsel.
5. The term "public records" does not include employee personnel files and records, Police Department investigation files and records, public assistance files and records, or other files and records which reveal personal, private or confidential information (e.g., medical information, social security numbers, or disciplinary records) or which may be specifically exempted by law.

6. Where a request is for a copy in a format other than a photocopy, reasonable efforts will be made to provide the information in the format requested. The cost will be based on the costs of producing the format requested.
7. A deposit against costs for reproducing documents sought whenever the custodian anticipates that the information that is requested will cost in excess of five (\$5.00) dollars to reproduce.
