WHEREAS, said Board having considered said application and testimony of the applicant, makes the following findings:

1. The application is deemed complete pursuant to the applicable provisions of the Little Egg Harbor Township Zoning Ordinance.

2. The property in question (PIQ) is located on the southwesterly side of Maryland Drive on the lagoon. A portion of the 0.15 acre (6,500 sf) site is upland property and a portion is located within the water. The site is currently improved with a bulkhead. The Applicant is proposing to construct a two-story, elevated single-family dwelling with two-car garage, covered porch, deck, stairs, a concrete driveway and an A/C platform. The site is proposed to

be serviced by public water and sewer. The existing bulkhead is to remain.

3. The applicant requires the following variance:

A. Minimum Lot Depth to Bulkhead §15-4.14F(1)(b): whereas the required minimum lot depth to a bulkhead is 87 ft., whereas the existing minimum lot depth to the bulkhead is 83.6 ft.

4. Applicant requests no other bulk variances or waivers.

5. The Applicant was represented by David Esposito, Esquire

6. The Applicant testified that there would be no detriment to the surrounding community by the granting of this variance relief which would, in applicant's opinion, constitute a benefit to the neighborhood without being inconsistent with the zone plan and zoning ordinances.

7. No person appeared in opposition to the subject application.

8. Based upon the foregoing evidence, the Board makes the following findings:

A. The applicant has demonstrated that the requested variance relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zone plan or Zoning Ordinances of the Township of Little Egg Harbor.

NOW, THEREFORE, BE IT RESOLVED, by the said Board that on this 9th day of June, 2021, based upon the findings herein above stated, the application is hereby granted subject to the following conditions, together with all stipulations of the applicant:

1. The applicant shall strictly adhere to the representations, plans and exhibits submitted with regard to the proposed development of the subject property and should further

comply in all respects with the technical review letter as prepared by the Little Egg Harbor Township Zoning Board of Adjustment Engineer dated March 17, 2021 and May 10, 2021, a copy of which is annexed hereto and made a part hereof.

2. The Applicant is granted the following variances:

A. **Minimum Lot Depth to Bulkhead §15-4.14F(1)(b)**: whereas the required minimum lot depth to a bulkhead is 87 ft., whereas the existing minimum lot depth to the bulkhead is 83.6 ft.

3. Applicant testified that the grading to the property would not be changed in any way which might cause additional run-off from the property onto neighboring properties.

4. Runners and leaders of new structure shall run into a French drain.

5. The applicant shall further reimburse the Little Egg Harbor Township Zoning Board of Adjustment for all professional fees expended with regard to this application within thirty (30) days from the date of memorialization of this Resolution or any approvals granted herein shall automatically become null and void.

6. This variance is subject to §15-3.11 of the Little Egg Harbor Township Land Use Development Ordinance. Construction or alteration shall commence on each and every structure permitted by the variances within one (1) year from the date of entry of this Resolution.

7. The applicant shall further secure any and all other necessary applications, permits or approvals and post any surety bonds that may be required by any other governmental agency.

8. The applicant shall resubmit this entire proposal should there be any substantial deviation from this Resolution or the submitted plans, documents, or oral representations made by this applicant.
