## **SURVEY: Congressman Van Drew Wants to Know if Your Electric Bills Have Increased**

**Washington, DC** - Congressman Van Drew is asking to hear from his constituents over concerns about rising electric bills in South Jersey. We have observed some individuals' bills skyrocketing this year compared to the same time as last year and we want to know how many of our constituents are being impacted by these increases. It is important to share your experiences and concerns so that Congressman Van Drew's office knows how to best assist your situation.

If you have noticed your electric bill rising beyond the usual increases, please fill out this short four-question survey below:
