**RESOLUTION OF APPROVAL No. 2025-16
PLANNING BOARD, TOWNSHIP OF LITTLE EGG HARBOR**

WHEREAS, an application has been made by Oreste Avallone for minor subdivision approval for Block 330.10, Lot 18, as set forth on the Tax Maps of the Township of Little Egg Harbor; and

WHEREAS, the Minor Subdivision map was prepared by ACT Engineers, dated June 13, 2025; ; and

WHEREAS, the Planning Board, after carefully considering the evidence presented by the applicant, and the report(s) from its professional staff, hereby makes the following findings of fact:

1. The applicant has a proprietary interest in the subject property.
2. The applicant has requested approval in accordance with the Ordinances of the Township of Little Egg Harbor.
3. The public hearing on the application was held on September 4, 2025.
4. The site in question is located at 7 Colonial Drive in the R-100 Residential Zone.
5. The subject property currently has a single family dwelling and detached garage. The applicant is seeking minor subdivision approval to subdivide the existing lot into two newly configured lots.

The following variances are requested:

NONE

The following design waivers are requested:

Curbs & sidewalks required; none exist/provided

With respect to design waivers, according to the Municipal Land Use Law, NJSA 40:55D-51, the board has the power to grant such exceptions from the design requirements as may be reasonable and within the general purpose and intent of the provisions for board review and approval “if the literal enforcement of one or more provisions of the ordinance is impracticable or will exact undue hardship because of peculiar conditions pertaining to the land in question.”

6. Remington & Vernick Engineers, the Board engineers, prepared a report to the Board on the application dated August 15, 2025. The Board hereby adopts the findings in the reports and incorporates them in this Resolution by reference.

7. The applicant's neighbor/contractor/power of attorney, Carl Avaski, testified to the purpose of splitting the lot to return the configuration into the previously-existing 2 lots (per 1964 maps). Both lots will be conforming to all zoning requirements. The detached garage will be on new lot 17 without a principal dwelling once subdivided, and the applicant will be required to constructed a house on new lot 17 (or demolish the detached garage) in order that no use nonconformity will exist. The driveway for new lot 18 must be modified in order that it will not cross over new lot 17. The testimony elicited supported the applicant's contention that the proposed subdivision is in keeping with the area and that the granting of the application would in no way be detrimental to the public good.

The Little Egg Harbor Township Planning Board concurs with these representations and so finds.

WHEREAS, the Planning Board has determined that the applicant should be granted the requested relief for the following reasons:

1. The proposed subdivision will pose no danger to the surrounding area.
2. The granting of the application will not have a substantial detriment to the public good and will not substantially impair the intent and purpose of the Zone Plan, Master Plan, and/or Zoning Ordinances of the Township of Little Egg Harbor.
3. There are no curbs or sidewalks existing on the property or in the area.
4. There was no public comment at the hearing.
5. No variances are requested, and no variances are granted or are implied.
