New Jersey Internet Crimes Against Children Task Force

Memorandum of Understanding

A. Parties

The New Jersey Internet Crimes Against Children ("ICAC") Task Force (referred to as the "Task Force") is a partially grant-funded, multi-agency endeavor. Grant funding comes from the United States Department of Justice ("DOJ") Office of Juvenile Justice and Delinquency Prevention ("OJJDP").

This Memorandum of Understanding ("MOU") is entered into by:

The Division of New Jersey State Police ("NJSP") and Little Egg Harbor Township Police Department.
(YOUR AGENCY NAME HERE)

Nothing in this MOU should be construed as limiting or impeding the basic spirit of cooperation that exists between the participating agencies.

B. Mission

The mission of the Task Force is to investigate, apprehend, and prosecute Internet sexual predators who exploit children through the use of computers or other technologies. The Task Force is part of a nationwide network of task forces created by the DOJ, OJJDP that investigate crimes involving internet exploitation of children. The Task Force will produce high-quality investigations leading to successful prosecutions of internet sexual predators. The Task Force will participate in community education efforts regarding the prevention of internet crimes against children. The Task Force will provide supervised training and provide additional funding for investigative training and equipment to employees of participating agencies. All Task Force members are prepared to respond on short notice to assist law enforcement agencies, subject to availability.

Nationwide ICAC Task Force goals are to increase the prevention, investigations, prosecutions, and public awareness of ICAC offenses. The national policy objectives for ICACs are to:

1. Increase the investigative capabilities, including effectiveness and efficiency, of law enforcement officers in the detection, investigation of qualifying offenses, and apprehension of offenders;
2. Increase the number of ICAC-qualifying (state and federal) offenses being prosecuted;
3. Create a multi-agency task force response to ICAC offenses;
4. Enhance the nationwide response to ICAC offenses; and
5. Develop and deliver ICAC public awareness and prevention programs.

The primary purpose of the ICAC Task Force program is to investigate, prosecute, and deter the possession, production, and distribution of child pornography and the utilization of the internet to seek children as sexual victims.

C. Purpose

The purpose of this MOU is to delineate the responsibilities of the Task Force, maximize inter-agency cooperation, and formalize relationships between member agencies. The Task Force will investigate suspects who utilize the internet to seek children as sexual partners, traffic in child pornography, or

New Jersey Internet Crimes Against Children Task Force

who in other ways intend to utilize computers, technology, and/or the internet for the criminal purpose of causing harm to children.

C. Organizational Structure

The Task Force includes investigators and supervisors from the NJSP and various federal, county, and municipal law enforcement agencies who provide assistance subject to availability.

D. Direction

1. All participants acknowledge that the Task Force is a cooperative operation in which all agencies act as partners.
2. The chain of command and supervision of the NJSP is responsible for the policy and general direction of the Task Force.
3. The Task Force supervisor will periodically contact supervisors and investigators from other participating agencies to keep them informed of training opportunities, unusual circumstances, problems, and successes of the Task Force.
4. Activities of the Task Force are further governed by the Operational and Investigative Standards of the Nation Internet Crimes Against Children Task Force, which is overseen by DOJ and OJJDP.
5. The document describing the Operational and Investigative Standards contains confidential information not for public release.
6. Member agencies must understand and comply with the standards. The standards are proprietary to the ICAC National Board. Release of the standards is protected because release will likely jeopardize ongoing investigations.

E. Supervision

1. The day-to-day operational supervision and administrative control of the Task Force is the responsibility of the Unit Head of the NJSP Internet Crimes Against Children Unit.
2. Additional responsibilities of the National program and the Regional Task Force are completed by the ICAC Commander. These titles may be held by one or multiple individuals within the chain of command of the NJSP.
3. The supervisor(s) will work cooperatively with other supervisors and investigators from the participating agencies to keep them informed of Task Force issues and progress.

F. Temporary Detachment

1. To accomplish the investigative objectives of the Task Force and ensure the proper training of new Task Force personnel, the participating agency shall assign experienced officers to the Task Force for an initial period of not less than six (6) months.
2. During this period of assignment, the participating agency officer will be under direct supervision and control of the NJSP personnel assigned to the Task Force and utilize NJSP investigative procedures and reporting forms and be subject to NJSP investigative policies and procedures.
3. Failure to adhere to NJSP investigative policies and procedures shall be grounds for dismissal from the Task Force.
4. All officers assigned to the Task Force will receive training required under the OJJDP grant, including but not limited to BRDA, EnCase Basic, ICAC Investigative Techniques, and ICAC Undercover Class.
5. Any training not completed during the term of initial assignment shall be completed subsequently, subject to scheduling and availability of funds.

New Jersey Internet Crimes Against Children Task Force

7. The NJSP shall make investigators designated as Task Force members available for applicable specialized training provided through the national ICAC program and other appropriate training programs. A resume identifying those individuals must be current and kept on file in the office of the ICAC Commander.

8. If a participating agency has fulfilled a detachment obligation and/or has a qualified computer crimes unit and agrees to follow the operational and investigative standards of the National ICAC Program and all aspects of this MOU, the aforementioned detachment period may be waived in an effort to cooperatively investigate child exploitation investigations and receive advanced training and equipment as outlined in the current FFY Grant. The participating agency must ensure that resume requirements are met.

G. Participating Agency Responsibilities

1. Responsibility for the personal and professional conduct of Task Force members remains with the participating agency, in keeping with that agency's own policies and procedures.

2. Any misconduct by the Task Force member requiring discipline shall be documented and reported to the respective agency.

3. All discipline shall be imposed by the participating agency, consistent with its own policies and procedures.

4. Each participating agency shall be responsible for claims made against its own employees.

2. Investigations conducted outside the scope of the six (6) month detachment will follow guidelines established by each agency's respective policy manual or guidelines.

3. This MOU is not intended to infringe on the ongoing investigations of any other agency.

4. It is agreed that unilateral acts on the part of employees involved in Task Force investigations are not in the best interest of the Task Force.

5. The Task Force will investigate matters referred by other ICAC Task Forces or the Center for Missing and Exploited Children as well as from other sources.

7. Where investigations reveal that the safety of a child is at risk, it is of paramount importance that the safety and well-being of the child clearly outweigh any consideration being given to the continued investigation.

8. The ICAC Task Forces have a substantial number of matters to investigate that require prioritization of these matters. The participating agency agrees to use the guidelines in the ICAC Investigative Standards to prioritize cases.

I. Education and Prevention Programming

- 1. An additional role of the ICAC Task Forces is to educate both children and parents regarding online dangers and empower them with information so they may use the internet in safety.

- 2. All statistics will be combined on a New Jersey Regional ICAC Task Force form and delivered to the ICAC Grant Program Manager at OJJDP.
- 3. Bi-Annually during the FFY, the ICAC Commander must outline the current project and report on outstanding investigations conducted during this six (6) month period.
- 4. Each participating agency will highlight those investigations conducted by their investigators and forward them to the ICAC Commander for the Bi-Annual Report.
- 5. Failure of any individual participating agency to engage in any investigative activity or file the required monthly and/or bi-annual reports may result in the participating agency's removal from the Task Force pursuant to Section P. below.
